Day 2 HAVANA

Take a walking tour around the heart of Cuba, Old Havana. Discover the magic that hides in every corner of this audacious city. More than 500 years of history make this the perfect place to unleash your curiosity. Hundreds of buildings from the 19th, 18th, 17th, and even 16th centuries spread around the narrow

streets of this romantic city. Walk around this open air museum and delight yourself with the infinity of amazing views that go around in every direction, making impossible not to look and try to capture the moment with your camera. Wander around all the main squares, all of them with their own special places you shouldn't miss. Also, have a look at the majestic cathedral that stands as an icon of the city, its history and architecture. Discover iconic places like the National Capitol, the Paseo del Prado, the Floridita, La Bodeguita del Medio, the Parque Central, etc.

Jump in a convertible car and explore the more modern parts of the city. Drive through different neighborhoods and discover the highlights of Vedado and Center Havana. Have a look at the Revolution Square, where Fidel Castro used to give endless speeches in front of thousands of his supporters. Drive by the Colon Cemetery, one of the biggest and most important in the world. Enjoy the breeze at El Malecon, Havana's evocative 7km-long sea drive, a favored meeting place for assorted lovers, philosophers, poets, traveling minstrels, fishers and wistful Florida-gazers. Some of the landmarks we'll see include the American Embassy, the Hotel Nacional, Havana's Forest and many more.

Wander along the Callejon de Hamel, Havana's high temple of Afro-Cuban culture. A whole street full of mural paintings and shrines. The project started back in the 90's, when artist Salvador Gonzalez decided to repair the deteriorated facades of houses in the alley and covered them with murals related to the Afro-Cuban syncretism. Sunday is the best day to visit it, since it's when the alley shows its true spirit. That day, the neighbors, dressed up as ancient gods of Yoruba Pantheon, Orishas, welcome visitors and drums go aloud. Adventure into western Havana and discover Fusterlandia, a huge tilework masterpiece built by local artist Jose Fuster over the last 20 years. If Gaudí reincarnates and decides to go for a tropical spin, this is it. Fuster's work has covered several suburban blocks with whimsical but highly stylized public art. The centerpiece is the artist's own house, which you can explore as you check on the different galleries where some of his art is sold, including ceramic tiles and paintings.

Day 3 BAY OR PIGS - CIENFUEGOS - TRINIDAD

Head to Bay of Pigs, the same place where more than 50 years ago an invasion carried out by Cuban exiles and organized by the US government took place. Our first stop is Cueva de los Peces, a 70m-deep cenote (sink-hole) on the inland side of the coast road halfway between Playa Larga and Playa Girón. It's a pretty spot, as popular with swimmers as snorkelers, for spotting tropical fish.

Next, we'll Learn about the history of Bay of Pigs invasion at Playa Giron's museum. This well-kept museum with its gleaming display cases evokes a tangible sense of the history of the famous Cold War episode that unfolded within rifle-firing distance of this spot in 1961. The museum offers two rooms of artifacts from the Bay of Pigs skirmish plus numerous photos of the combat.

Continue south-east to Cienfuegos, one of Cuba's youngest cities, founded in 1819 by French emigrants from Bordeaux and Louisiana, its elegant classical architecture earned it a UNESCO World Heritage Site listing in 2005. Due to its beauty, economical importance and strategic placement, this city has always been known as the pearl in Cuba's south coast.

Have a walking tour around the city and have a look at the local landmarks, including Tomas Terry Theater, one of Cuba's oldest and best preserved. Visit Cienfuegos's Cathedral, Palacio de Valle, Muelle Real, Jose Marti square and many other iconic spots of the city. **CONTINUE TO TRINIDAD.**
